Background

Course History

- ❖ Workshop on Molecular Evolution
 - ❖ Focus on molecular phylogenetics and population genetics
 - ❖ Woods Hole, Marine Biological Laboratory, USA
- ❖ Workshop on Genomics
 - ❖ Czech Republic - January 2008
 - ❖ Fort Collins, CO, USA - July 2011
 - ❖ Smithsonian Institution - November 2011
- ❖ Workshop on Population and Speciation Genomics - 2016

Workshop Philosophy

- ❖ Immersive and Intensive
- ❖ Workshop not a symposium
- ❖ Isolated & idyllic
- ❖ Emphasis on professional network building between faculty, staff and student

Why Cesky Krumlov?

Considerations

- ❖ relatively inexpensive
- ❖ relatively isolated
- ❖ idyllic
- ❖ centrally located in Europe
- ❖ appropriate infrastructure
- ❖ community support

Expectations

- ❖ exhaustion
- ❖ frustration
- ❖ bioinformatics is not a push button field
- ❖ > 30 participants & staff on-line simultaneously
- ❖ you will not finish every exercise
 - ❖ finishing should not be your goal. Learning should be!
- ❖ you will not become an expert in 2-weeks

Expectations (more positive!)

- ❖ exposure to unprecedented faculty expertise in the field
- ❖ international faculty and student representation
- ❖ opportunities for collaboration
- ❖ intensive education in a relatively short period of time
- ❖ introductory knowledge on new topics

Advice

- ❖ wear your nametag
- ❖ take breaks (network!)
- ❖ sleep
- ❖ be patient
- ❖ ask questions of faculty, instructors and each other
- ❖ **work in pairs/small groups**
- ❖ take advantage of any open / free lab time
- ❖ remember everything will be on the web site after you leave
- ❖ enjoy the town

Post-lab discussions

- ❖ An important feature of the Workshop
- ❖ Music Bar, Festi Bar, Zappa Bar, ...

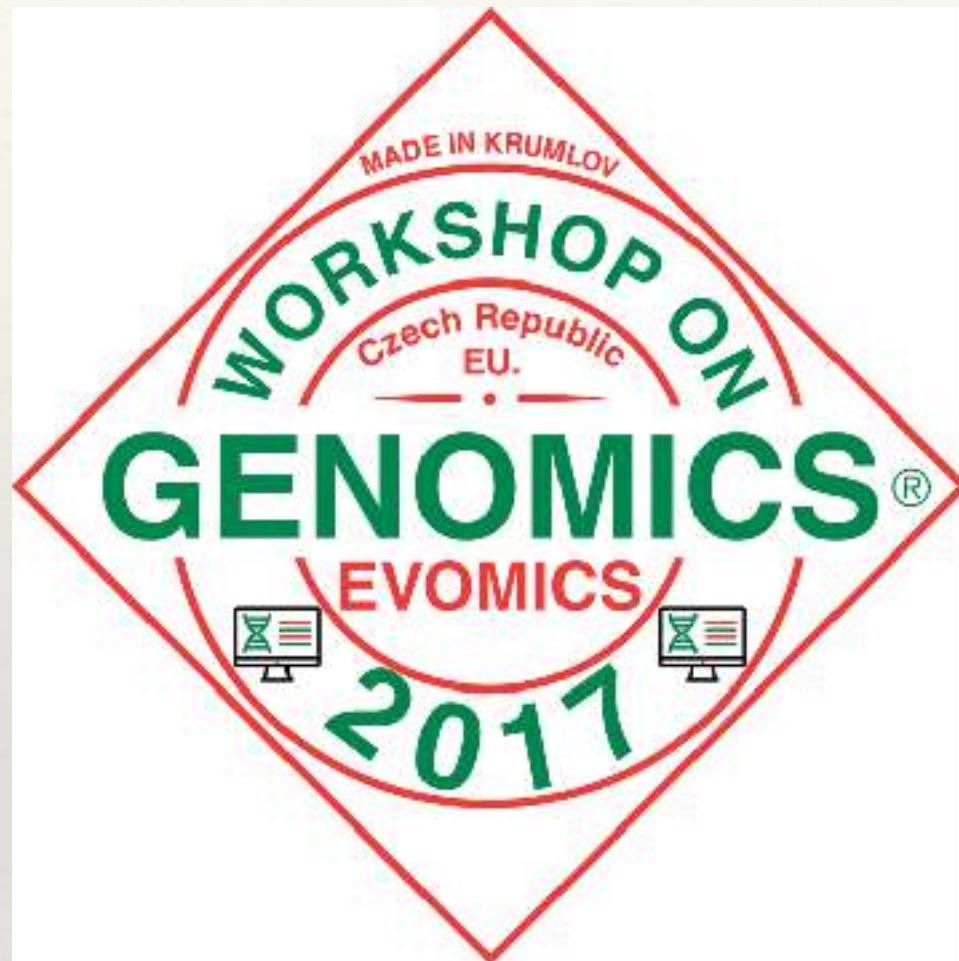

workshop communication

- ❖ workshop website: evomics.org
- ❖ twitter: #evomics2017
- ❖ Facebook: Workshop on Phylogenomics

workshop bingo

Workshop on Phylogenomics 2017 BINGO! #evomics2017				
Contributed to T-shirt competition	fortune cowsay	Did Yoga or Castle Run	Had Trdelnik	Worn name tag visible every day
Tweeted using #evomics2017	Had tmavé pivo with Guy	Ate Soup in bread	Found where Jordi has a tattoo	Internet went down during exercise
Ate at Meat Dungeon	Learned 5 Czech words	Registration party!	Seen the Český Krumlov bears	Stayed in the pub longer than Toni
Danced Paquito el Chocolatero with the TAs	Found out nationality of 10 instructors / directors	Learned 25 people's names	Helped neighbour with exercise	Tried Becherovka
Joined instructors / directors for a tea/coffee	Workshop dinner & party Jan 28 th !	Seen someone asleep during lecture	Tried 5 different Czech beers/wines	Beat Miguel at Thumb War
